## PALO DURO PARK WORK ORDERED TO CONTINUE

### WHEAT PLAN CLOSES NEXT TUESDAY

#### SURPLUS ACRES AND BUSHELS IN THIS COUNTY

County Officers Named by District Chairman Thursday

##### TO PUBLISH LIST

#### Inspections Being Made of Applications in Districts

Applications under the wheat allotment plan must be made before next Tuesday, Oct. 10th. The Randall county committee will close the applications on that date, and will publish the list of those who have made application in next week's issue of the News.

A serious difficulty confronts the committee in that 20,000 acres more than the allowable of Randall county have been submitted, totaling 200,000 bushels of wheat. The government will not increase the allowable for the county, which means a general scaling down of the applications, and elimination of some who have made application.

The Randall County Wheat Production Control Association is the official name given the committee which has charge of the wheat allotment plan.

At the meeting of the district chairmen Thursday afternoon the following officers were named for the county organization.

R. B. Gist, president.  
W. O. Turpin, vice president.  
D. S. Hill, secretary.  
Allotment committee: L. T. Campbell, J. P. Hix and R. B. Gist.

Headquarters will be maintained in the office of the County Agent, who is responsible for direction of the work.

An inspector will be employed after the first of January whose duty it will be to see that the terms of the plan are carried out in the county.

Mr. Upchurch attended a meeting of County Agents in Amarillo Monday at which time provisions of the allotment act were explained by state and federal representatives.

Meetings of all committeemen of the county were held Tuesday afternoon and yesterday. District committeemen are at work among the farmers this week and will make reports by Saturday to the executive committee. The rolls for the county will then be made up for publication.

### Bufs Will Play Southwestern Here

#### Claude Reeds Brings a Strong Team Oklahoma Teachers

The second home game of the season will be played Friday night on the Buffalo gridiron when Coach Claude Reeds brings his Central Oklahoma Teachers to Canyon.

Central will be out to avenge their defeat by the Buffs two years ago, while the Buffs have blood in their eye over their defeat by the Simmons Cowboys Friday.

The Broncos' line will outweigh the Buffs by 10 pounds to the man, while the backfield is expected to be somewhat heavier than Canyon's. Coach Baggett is expecting to overcome much of this disadvantage by the speed of his men.

The Oklahoma Teachers have a line that has already made itself famous in the state. Dean, 185 pound speedy end, will lead the line attack. Other linemen who will deal the Herd misery are Caldwell and Devore, tackles who weigh above 200.

### Tax Payers Face Lighter Tax Bill

Nearly \$10,000 Less On Rolls Than For the Past Year

Randall county's tax rolls are completed and will be presented next Monday by Assessor Burney Slack to the Commissioners' Court for approval.

Randall county's tax bill for this year amounts to \$113,092.97, plus poll taxes amounting to \$4,584.75. This is a reduction from 1932 amounting to \$9,876.97.

The total value of property in Randall county this year is listed as \$6,369,092. Of this amount land is listed as \$3,063,200; city property as \$1,691,300; railroads as \$728,092; telephone and telegraph lines, \$40,020; pipe lines, \$130,570.

The tax bill for the year is divided as follows:

State taxes \$40,825.76  
County taxes \$44,585.54  
District school \$27,681.67

There is a reduction in both the state and county taxes as compared with last year's rolls, but the district school taxes were increased.

State and county taxes are due on the first of October, and may be paid until the last day of January.

#### P. J. Neff, a Pioneer, Died at Home in Happy

P. J. Neff died last night at 8:45 o'clock at his home in Happy following an illness of several weeks. While in failing health during the past year, his condition was not considered serious until recently.

Mr. Neff has been in the grain and elevator business in Happy for 25 years. He came soon after the town was established, and has enjoyed the confidence of the community through his business dealings.

Mr. Neff was born in Illinois, and lived in Nebraska for several years before moving to Happy.

Surviving is the widow and three children, Mrs. C. K. Arnold of Petrolia, Clark Neff of Happy, and Felix Neff of Canyon; one brother, C. M. Neff of Greeley, Okla.; three sisters, Miss Mary Neff of Happy, Mrs. Elizabeth Rayburn of Happy, and Mrs. Sarah Weaver of Happy.

The body is in charge of the Griggs-Thompson Funeral Home awaiting funeral arrangements.

Help Keep Canyon Clean.

#### 36 Dairymen Are Signed Up Under Milk Ordinance

Randall county dairymen who wished to sell milk under the new ordinance met at the court house Monday night to receive instructions from Lewis Dodson, inspector, and Jack Wyatt, chemist. Thirty-six dairymen have signed their intention of coming under the provisions of the milk ordinance in order to sell milk within the city limits.

Dodson is inspector for Amarillo, and a trade was made between Canyon and Amarillo whereby the services of Dodson as inspector, and Wyatt, as chemist, would be extended to Canyon for \$50 per month. The same requirements for dairymen will be maintained by both towns.

Regular inspections will be made of the milk supply of Canyon, and tests will be made from all herds which sell milk here.

#### Mrs. Geo. Johnston Bound Over to Grand Jury on \$1,000 Bail

Mrs. George Johnston was arrested on the streets of Canyon Friday night charged with driving an automobile while under the influence of liquor. Two highway patrolmen arrested Mrs. Johnston and turned her over to Sheriff Bob Barnett. She was taken to jail in Amarillo where bond was completed.

Action on the case will not be taken until the next session of the district court which will be held in January.

##### STORK SPECIALS

A daughter was born to Mr. and Mrs. Ross Craig on Sept. 25.

A son was born to Mr. and Mrs. Mark L. Foster on Oct. 2.

Mr. and Mrs. G. S. Williams of Amarillo visited their aunts, Mrs. W. F. Heller and Mrs. John Knight Sunday evening.

#### Builder of T-Anchor House Tells of His Experience

He built it "good." It will stand a long time.

Such is the conclusion of Walter Dyer, Panhandle pioneer, concerning the old cedar log headquarters of the T-Anchor ranch, now the oldest house in the Panhandle. The building is now owned by the College Farm.

"Leigh Dyer and I decided to build the ranch house on the natural meadows where Spring Creek empties into the Palo Duro. This would give us hay for our horses. I've cut lots of hay there with that old Buck Eye mower that we brought down from Colorado when Goodnight trailed his herd in.

##### Lumber from Colorado

"We talked it all over. There were plenty of logs in the canyon, but the nearest lumber was in Colorado. Two Frenchmen, named Falvey and Trueby had a little herd of white cattle up Spring Creek from us. I started them out with two ox teams, two yokes each, with a string of 5 or 6 extra oxen, to El Moro, Colo., after much needed groceries, shingles and such lumber as we had to have.

"Then Sam Coleman and I went into the Palo Duro Canyon, just above the falls, about where Halting's ranch now is. The cedar there was straight and better than further down the canyon.

"When we got the logs cut, we hauled them with mules up the south side of the canyon onto the plains. We came on west to about where the college buildings now stand, and turned north to our camp site. Soon we had all the logs shaped and hewed, then began the wait for the Frenchmen.

##### Trip Took Five Months

"Falvey and Trueby were having their troubles, we learned later, but there we were without flour and almost without any food. We wondered what had happened, or if they would ever show up. However, the Mexican wives of the Frenchmen went confidently on, tending the herd, eating or going hungry—I don't know which, but never doubting for a minute that their men would make it back safely. There was nothing for us to do but wait, but it seemed to me there were more snows than I ever saw that winter.

"It was five months from the time those men left with their ox teams before they showed up with some grub. They had been caught by the snows in the mountains, the

rivers had got up.—O, there was all kinds of trouble, but at last they were back.

##### Came here in '76

"Everything was ready, so it didn't take us long to get the house up. There were two rooms, with a loft floored above. I myself made the ladder; that we climbed (Continued on last page)

#### Rain for the Year Totals Only 10.18; September Has .20

Rain amounting to .45 of an inch fell Sunday morning which started the October moisture. Farmers hope that the rainfall will amount to normal for the month.

September was dry and hot. Only .20 of an inch moisture fell in Canyon in two light showers.

Up to the first of October, the total moisture for the year amounted to 9.73 inches. The Sunday morning rain added .45 making a total of 10.18 inches for the year.

The rain of this week will be of great benefit to the farmers who have wheat planted, or are getting ready to plant their wheat.

The rain Sunday was very spotted over the county, varying from 1.5 inches to nothing.

Farmers who have not received rain are hoping for a general rain at once in order that the wheat may be started.

#### Football Game Cost Young Man \$14 on Trespassing Charge

Sheriff Bob Barnett arrested B. N. Bewley for trespassing at Buffalo Park Friday night.

The case was tried Saturday and \$1.00 and costs were assessed.

The football game, or as much as Bewley saw of it, cost him \$14.00.

President J. A. Hill has requested the Sheriff and his deputies to protect Buffalo Park against gate crashers. This was the first arrest under this request.

A detail of officers will be on duty for every football game with a view of arresting gate crashers, and others who attempt to get into the football games without paying the usual admission charges.

#### Pioneer Dies

J. L. PRICHARD  
Pioneer resident and Justice of the Peace who died Saturday afternoon.

#### J. L. Prichard Died Saturday p. m., Funeral Held

Jordan Lee Prichard, 69 years old, died Saturday evening at 6 o'clock at an Amarillo hospital, after an illness of several weeks. The funeral services were held Sunday afternoon at 3:00 o'clock at the Baptist church, conducted by Rev. J. R. Hicks. The Masonic Lodge was in charge of the services at the cemetery.

Mr. Prichard has been a resident of Randall county for 43 years. Until a few years ago he owned and operated a farm north of Canyon, the old T-Anchor headquarters, now the property of the College.

He was elected Justice of the Peace last year, and devoted much of his time to the duties of the office until illness made it impossible for him to be in his office.

Surviving are his wife and six children: Henry Prichard of Canyon; Jay Prichard of Canyon; Mrs. R. L. Wagner of Amherst; Mrs. Bud Hefner of Canyon; Mrs. Joe Goode of Rio Hondo; Mrs. Arthur Huff of Amarillo.

The pall bearers were: Dr. H. M. Cook, G. W. Johnson, Dr. M. L. Saddoris, O. W. Gano, Grady Oldham and Joe B. Gamble.

#### WHEAT ON GIST PLACE BEST FALL SHOWING

R. B. Gist placed Tuesday that wheat on his place southeast of Canyon was the best he has ever had at this time of the year. He has 1500 acres of summer fallowed wheat which is up and doing well. He had a good rain Sunday morning, which will make it possible for him to plant all of his wheat crop, and be of great benefit to the wheat that is growing.

### FOUR CAMPS TO WORK ON PARK IN PALO DURO

Definite Orders Are Given From Washington on Camps

#### MEN RE-ENLISTED

Barracks Will Be Built Soon According to Information

All rumors regarding the possible closing of work at the Palo Duro State Park were quieted Thursday afternoon upon receipt of a telegram from Congressman Marvin Jones stating definitely that work would continue during the winter, and that one more camp of 200 men would be added to the three camps now located at the site. It was stated in Austin last week that the army was inclined to close work at the Palo Duro during the winter. This has been denied by those in authority.

The first period of enlistment for C. C. C. work closed Saturday, and about 30 from each company returned to their homes.

Major General Edwin B. Winans announces that a recruiting station will be opened in Amarillo, probably this week, and ex-service men will be given an opportunity to enlist in one of the three companies at the Palo Duro Park for the six-months period. These men will come largely from the Panhandle counties. Each county will have a quota of enlistment.

General Winans did not announce the plans regarding the other company. It is likely that this company will be brought here from another section of the state. Major J. E. Watson, who is commanding officer at the Palo Duro, states that there is adequate water supply for the additional company, but is planning for additional storage tanks for water.

No word has been received at the camps as to the possibilities of the barracks. Bids were received two weeks ago for the erection of barracks and these have been submitted to the federal government for consideration. It is believed that approval of the plans will be received, and that work will be started within a short time on the construction of the barracks. The possibilities of the barracks caused most of the men in the companies to decide to remain during the coming six months. Many of the workers at the Palo Duro Park are from South Texas, and the many exaggerated reports spread regarding Panhandle weather caused uneasiness among the men as to remaining here during the winter. It was announced several weeks (Continued on last page)

### Attendance at W. T. Passes 1932-3

#### College Attendance Nearly Same as That of Last Fall

Attendance at W. T. increased during the past week until the total is now 968. This is an increase over last year, counting both the College and training school attendance.

In the college there are enrolled 728, and in the training school the number is 240. The college shows only 10 under that of the same date for last fall. This is accounted for the loss of about 50 graduate students, owing to the fact that the legislature abolished graduate work in the teachers colleges.

"I am delighted," stated President J. A. Hill this week, "with the fine attitude shown by the faculty and students of the West Texas State Teachers College toward the split-semester system inaugurated at the beginning of the fall semester. Our desire in working out this system was to make it easier for every boy and girl in our territory to return to school this fall despite the distressing economic con-

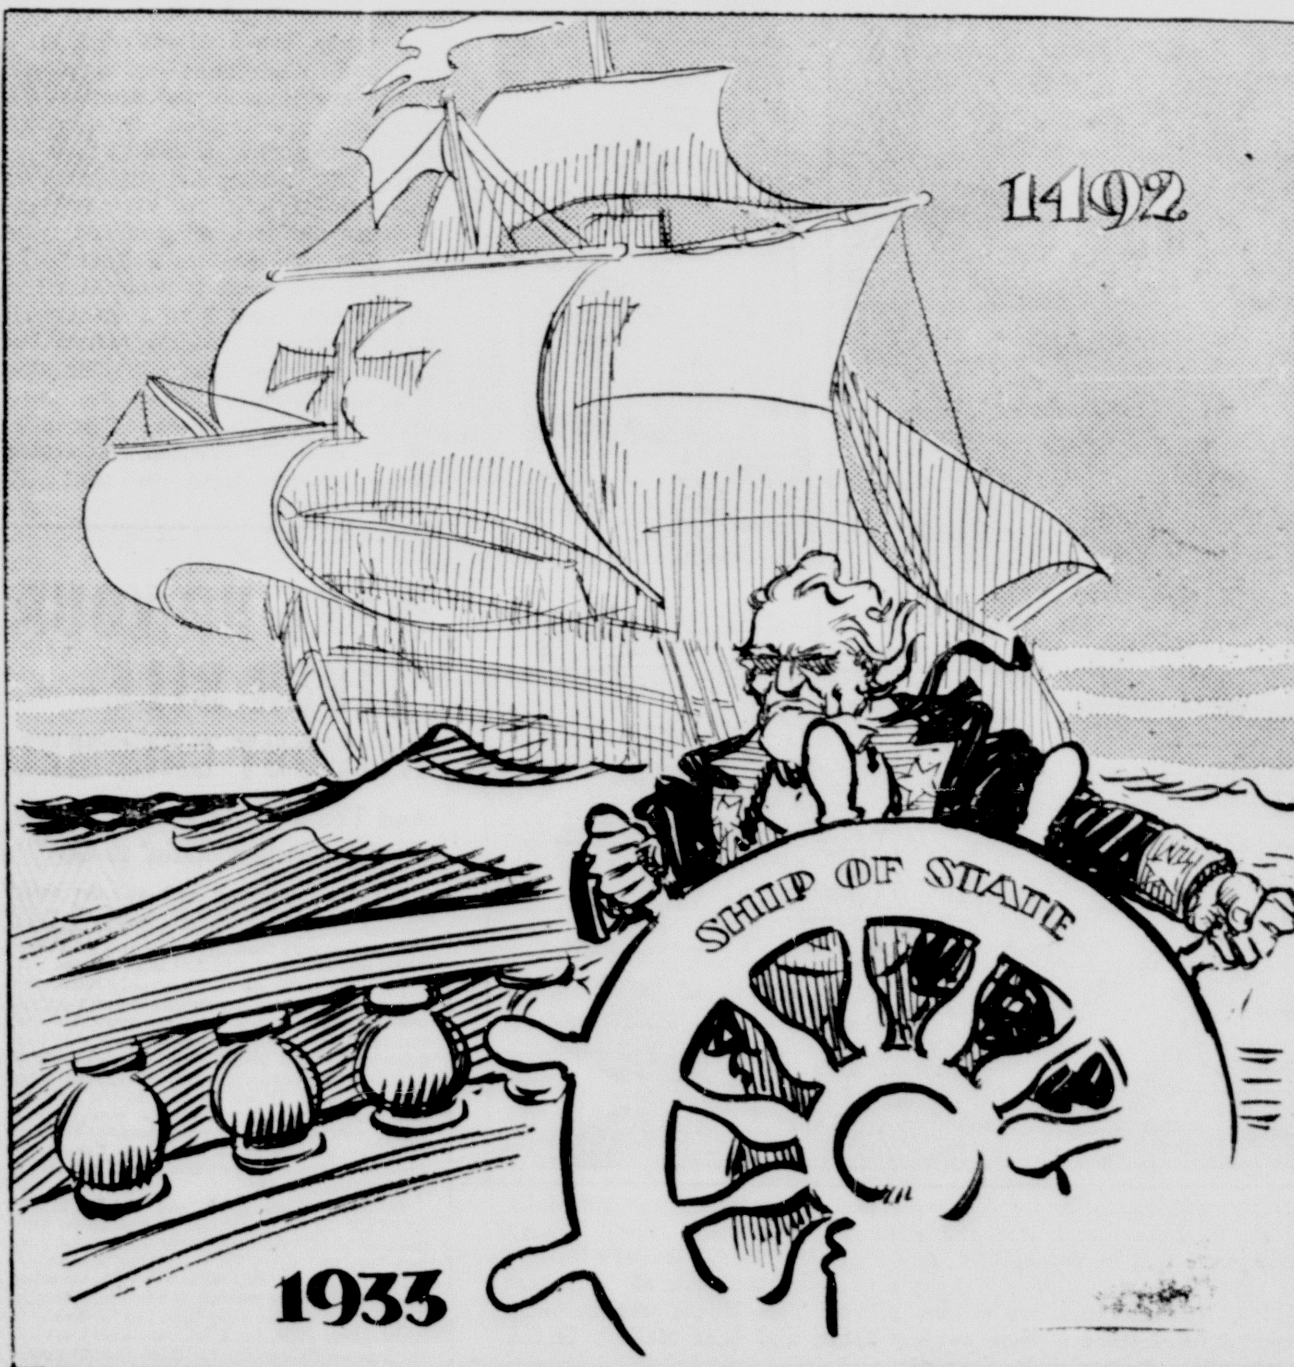

ditions of the country and we feel that our efforts are appreciated to the fullest extent.

"Particularly am I pleased," added Dr. Hill, "with the manner in which the young men and women have accepted the plan and have immediately set to work with the attitude of true students. The success of the plan depends, in a large measure, upon the student body and indications are that it is going to work more smoothly even than we hoped."

##### Praises Randall Hall

Dr. Hill praised the girls of Randall Hall for their spirit of co-operation in working out a co-operative dormitory, and commended Miss Miltia Hill, who is in charge, for her fine spirit and intelligence in handling the problems of that institution. "It seems that turning Randall Hall into a Co-operative home is going to be one of the best things we have done for the school in our new program," he added.

"Indications are," he continued, "that we have more honor students in W. T. this fall than we have ever had before. This suggests that (Continued on last page)

The investigation carried on by the Texas senate may or may not throw a great deal of light upon the Ferguson administration, and the method of handling the relief funds. So far the greatest damage to Lawrence Westbrook is the fact that so many things were done through his office, and over his name of which he claims ignorance. Unquestionably, Mr. Westbrook has been a busy man, with a most trying job to control. The fact that Jim Ferguson has presided over all but one of the meetings held by the commission, and that letters have gone out demanding the installation of Ferguson men in every job is nothing to arouse surprise. The people should have known that Jim would have had money for months, and are now getting hold of a little, and are keeping it in circulation. The drought did not hit the cotton section so hard as the wheat belt.

## Zita Breezes

Some of the farmers have finished their wheat sowing. Since the rain, they expect to see some of it up in a few days.

Mrs. L. J. Fulton and Beatrice visited Mrs. Earl Davis of Jewell Friday.

Everybody in this community attended the fair in Amarillo last week. Most of the school children went on Wednesday.

Bud Owens' mother is visiting him and his family this week.

Ray Stewart and R. P. Hales have gone to the fair at Lubbock taking with them some of the dairy cows. They are planning to go to Dallas from there for the state fair.

B. M. Hill and Catherine visited in Amarillo Saturday afternoon.

Mrs. Eula Watson visited Mrs. C. C. Stewart Friday afternoon.

Mrs. Marie Dorman entertained the Zita Home Demonstration club last Tuesday.

## Highland News

The farmers of this community are waiting for rain to complete their wheat sowing.

Mr. and Mrs. Ferrell and children are visiting her parents who live at Wheeler.

G. M. Mason and family attended the Amarillo Fair last Wednesday. They were accompanied by Mrs. W. C. Thomas and son.

any of us really wish to see. But care and fire prevention measures may save some of our citizens thousands of dollars, just at a time when money is the hardest to get.

Strikes and more strikes occur in the east. The situation is alarming. It is rather suspicious to see the government fighting so hard to start recovery on the up grade and then have workmen leave their jobs—many of whom have not had regular jobs in the past. It is stated that the American Federation of Labor is demanding a 30-hour week for all labor. It feels that now is the time to strike for these demands while the government is interested in reducing hours of labor. The situation is not too hopeful for the great success which was promised by NRA and other governmental recovery acts.

Canyon and Randall county people should do their buying at home. Money is scarce. There will be little opportunity to secure new money until another crop is raised. By trading at home, local business institutions return the money they receive into local channels, thus helping every one in the community. Every citizen of Randall county wants to see Randall county made a better place in which to live. Investing money with home institutions is the only way in which the county may prosper and grow.

Towns down in the cotton country are enjoying a wonderful spurt of prosperity. Folks who haven't had money for months, are now getting hold of a little, and are keeping it in circulation. The drought did not hit the cotton section so hard as the wheat belt.

## U. S. Recognition of Soviet Russia May Hasten Business Recovery

The scenes above, showing old and new methods of farming in Soviet Russia, illustrate the big step forward the U. S. S. R. has taken in the agricultural phase of her second "Five-Year" Plan. Russia's need of machinery and materials under her gigantic program promises well for American trade if President Franklin Roosevelt, left, patches Russo-American diplomatic relations with Bolshevik party boss, Josef Stalin, right.

BEFORE Congress meets again—perhaps sometime in November—President Roosevelt

may act to restore normal diplomatic relations between the United States and Soviet Russia.

If he takes this action, he will have (1) solved a 16-year-old administration problem and (2) opened to the United States a vast potential market which should help immeasurably in speeding up our economic recovery.

It has been estimated that recognition of Russia would bring to the United States several hundreds of million dollars in Soviet orders for raw materials and manufactured goods.

SINCE November, 1917, when the Bolshevik government came into power and President Wilson withheld recognition, four administrations have pondered

and debated the problem of whether or not to shake hands and make up with Russia.

Those who have opposed recognition usually advance two main arguments. Some contend diplomatic relations should not be restored until Soviet Russia acknowledges the debt it owes the United States and its citizens. (In 1918 the Soviet government annulled all state debts contracted by the aristocratic Kerensky government, including one of \$193,000,000 due the United States, another of \$441,000,000 due American citizens.)

The second argument against recognition has been that of Communist propaganda. In an effort to foist Communism on other countries of the world and to eliminate the capitalist system, the "Third Internationale," established in Moscow in 1919, has tried to propagandize its ideas abroad. The Soviet government

has been accused of participating indirectly in these maneuvers, though it denies the charge.

But advocates of recognition have had their own ideas. They set forth the following advantages that they say would result:

1. The new relation between America and Russia would lead to co-operation between the two powers in maintaining peace in the Orient, and in furthering the cause of disarmament.

2. It would demonstrate the possibility of a capitalistic and a communistic government dwelling together in peace, and thus remove one of the tensions which today causes a feeling of worldwide insecurity.

And, most important of all, it would bring to American business as a customer a nation of 160,000,000 people controlling one-sixth of the land surface of the earth, say advocates of recognition.

Amarillo visited in the home of Mr. and Mrs. C. L. Murr Sunday afternoon.

## YOU CAN'T HELP GETTING BARGAINS

It is an ancient belief that the woman is the bargain-hunter of the family and that man must be dragged reluctantly, if at all, to where goods can be purchased cheaply.

If that is true, the man of the family must be having a good time now, for there is very little else

but bargains, at prices unheard of a few years ago.

Those prices won't be with us much longer—economic law doesn't allow "distress" sales to go on forever. Everything from shirts to cement is going to cost more very soon, at higher price and wage levels will be on us before we know it.

It's about the last chance to buy needed household articles, and make property improvements and additions, at depression costs. The chances are that you, the reader of this, have been lax about keeping up your house and grounds, in order to save. But you had better start your building and repair work now if you don't want to dig deep into your pockets in the near future.

## FIRST CHURCH OF CHRIST SCIENTIST

## WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salt, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Recent's substitute. 25c at drug stores. © 1931 C. M. Co.

## Cupid Raids Hollywood Again

Hollywood again broke out in a rash of marriages when Sally Eilers, film star, and Harry Joe Brown, producer-director, shown above, were wed in Yuma, Ariz., and Patricia "Boots" Mallory became the bride of Actor James Cagney's brother, William, at Tiajuana, Mexico. The Cagneys are shown below. Miss Eilers was recently divorced from Hoot Gibson, cowboy actor, and Miss Mallory is the former wife of Charles R. Bennett.

## A MEAT PIE THAT STICKS TO THE RIBS

Pie has always been a favorite with the men, and when made with a meat filling is doubly attractive, because men enjoy that satisfied feeling which comes from a meal including meat. And scientifically, the meal, to be balanced, should include meat not only for its high-quality protein and minerals, but also for its "staying" power. Meat is not so quickly digested as are the cereal foods, but in the end it is just as easily digested. This gives the advantage of staying power; or, as the men say, it "sticks to the ribs."

A way to prepare meat pies in individual portions is given by Inez S. Willson, home economist.

## Individual Meat Pies

- 2 cups diced cooked meat
- 1/2 cup diced carrots
- 1/2 cup peas, cooked
- Dash of sugar
- 1/2 cup small button mushrooms
- 1 cup gravy
- Baking powder biscuit dough or plain pastry.

Either beef, lamb, or pork may be used for meat pies. Cut the cold roast meat into small pieces. Cook the carrots until soft, add them together with the peas and mushrooms to the meat, sprinkle with sugar and pour the gravy over all. Simmer gently for a few minutes. Line patty pans with a thin layer of baking powder biscuit dough or plain pastry. Fill and cover with another thin layer of the dough or pastry. Make holes in the top for the steam to escape and bake in a hot oven (450 degrees F.) until the dough is baked. Serve individually.

# Cowboys Prove Jinx To Buffalo Eleven

## Maroon and White Put Up Game Fight For West Texas

The Buffalo jinx, the Simmons Cowboys, eked out a victory over the Herd here Friday by the close score of 6-0.

The Buffaloes put up a hard fought game, playing good ball, both on the offensive and defensive, until they let down in the last half enough for the powerful Cowboys to score.

"Red" Holston, Bison quarter, distinguished himself in speedy end runs and off-tackle plays and returning punts. He had a close opponent in Pee, snappy Cowboy quarter, and Thompson, who substituted for Pee.

Early in the game the Buff tacklers learned how to stop the long gains the Puncers started off with and after that the line held tight. The game was scoreless at the half, with both teams playing about the same game.

At the beginning of the third period, the Buffs started a drive for the goal line. A fumble by Thigpen, Simmons back, gave the ball to the Herd on the 27. In five plays Holston and "Cow" Williams took the ball to the five yard line with two downs to go over. A bad pass from center put the ball back to the 11, and Morgan made 5 yards on the fourth down. A penalty of 15 yards against Canyon put the ball out of danger and led the way for a drive by Simmons.

Early in the fourth period Simmons took the ball to the three yard line. On the next play Williams hit Hill of Simmons so hard he lost the ball. Kendrick recovered but a penalty, drawn as Lovelace was chased from the field, cost the Buffs half the distance to the goal line and the possession of the ball. Hill carried the ball over for the only counter of the game.

The Bisons made one more threat, too late in the last half. After McCollum, Cowpuncher passer, had winged the ball into the end zone, giving the ball to the Herd on the 20, Morgan tossed a pass to Kendrick that netted 26 yards. Several long gains put the ball on the 25, but the gun stopped the march.

The starting line-up:

West Texas	Simmons
Kendrick	Huestis
Manning	L. E. Spraberry
Lovelace	L. T. Neely

## Bohumir Kryl To Bring Symphonic Band to Canyon

The great Bohumir Kryl, world famous conductor and cornetist, has been secured for a performance of his Symphonic Band on November 18 as a feature of the College lyceum course, announced Prof. Wallace R. Clark this week. Conductor Kryl will be assisted by his daughter, Marie, brilliant young pianist soloist, and by Anna Fitzu, who has sung before kings and queens, as vocal soloist.

Kryl and his Band has a unique reputation throughout the whole country. No organization has a higher reputation for the rendition of the great standards of music, and the name of Kryl has come to be synonymous with the best there is in the domain of high art. The services of the band are in constant demand, in fact, its principal work being the giving of festival celebrations in the larger cities of the country.

The Kryl Band is the result of many years of effort, of unceasing watchfulness to secure the best musicians in the world, of constant and tedious rehearsing, of tireless effort on the part of Kryl himself and by the determination of each individual member of the organization to give the best that is in him. Each player is selected with as much care and consideration as are the several soloists who accompany the band, and every man must pass a rigid examination by Kryl himself, before he is accepted as a member of the band.

## C.C.C. CAMP NEWS

(By W. B. GRUEL)  
Mr. Gruel has been a member of Company 1828, and has furnished camp news to the newspapers of this section. He left Saturday for his home near Houston.)

The first shipment of winter supplies for the Palo Duro C. C. C. Camp reached Canyon Friday—a carload of mattresses, comforters and similar articles.

Thirty-five enrollees were discharged from Company 1829 Saturday morning; 27 from Company 1828 and 19 from Company 1824, assuring 80 new men at the camp.

Capt. Ed M. Owens, who was superintendent for the state at the opening of the camp, resumes a post in the Army Saturday. Capt. Owens will be with Company 1828.

Company 1824 has a new company commander, Capt. C. R. Toy, formerly recreational officer of Company 1828. Thursday night, the men of 1824 presented handsome gifts to two officers leaving, Capt. Lee V. Hunnicut and Lieut. Cooper.

Miss Roxie Parker, freshman at West Texas State Teachers College was elected queen of Company 1829 at the entertainment Thursday night. On the same occasion, Miss Polly Wilson, also of the college, was elected sweetheart of Company 1824.

Capt. N. E. McCluer, overseer of Company 1829, remains in command of '29, assisted by Capt. J. J. Hansey, whose work as recreational officer has been outstanding. Capt. Hansey led a large party of veterans to the Buffalo-Cowboy football tilt in the W. T. stadium Friday night. Capt. Cardwell also is with Company 1829, joining the company recently.

Major Randolph Gordon, in command of Company 1828, is expecting to be relieved. Should he be transferred, it is indicated that Capt. C. E. Stiles will be overseer of '28. Lieut. H. E. Snow recently joined this company.

Three young ladies who were judges at the entertainment staged by Company 1829 Thursday night, voted the prize for the best performance to 1824's quartet. The award was a beautiful and tasteful

cake especially baked by Mess Sergeant Tolley.

Mess Sergeant Ogden Beckman, of Company 1828, left for San Antonio on a 20-day furlough Saturday morning. Jesse Handley, of Silsbee, will be in charge during Beckman's absence, he already having proved a reliable steward.

One of the best fun parties yet staged was that arranged by Ira "Pat" Townsend, of Company 1828, Wednesday night. James Lowman, Houston, won the pie-eating contest. Vernon Ellis, Houston, won the watermelon marathon. Chart drawings by Clyde J. Sawhill were much enjoyed. Fred George and "Scotty" Stewart gave a lively Scotch number. A quartet selection by Harrington, Hughes, Muhlenhoff and George pleased immensely.

VOLUME NO. 8

CANYON, TEXAS, OCTOBER 2, 1933.

NUMBER 4

Cactus Cal

Well Eagles:

I'm shore proud of yuh. I never seen sech a bunch of fightin' boys. Why they'd take a knock and git up and grin about it, and that's the way I like to see yuh act. Yuh shore got a lot of good experience, cause yuh'll shore know how to fight Panthers from now on, and what yuh learned shore will come in handy about Friday afternoon, when you fight them Quitaque Panthers. I don't guess I'll git to see that game, unless one of you football boys would agree to hide me in with your suits. My old gray nag is too old fer me to make sich a long trip. Now, I think she could make it to Happy, but not to Quitaque. If I don't get to go and see yuh, jest fight anyway. Yuh'll probably miss them pep girls yelling, too, but lemme tell you somethin' jest keep this fresh on your mind, that them gals is at home doing all they can fer yeh.

I'd like to write this whole letter to yuh, Eagles, but I'd hate to be partial, and besides I hev to keep on the good side of them girls in school to, and they deserve compliments anyway. Miss Smith has shore been making them basketball gals work, and believe me, they really mean business. Why I wouldn't be a bit surprised if they didn't win every game this year. Well, gals, I shore think yuh'll hev a swell team, and I'll be behind you 100% at every game.

By the way, somepin' else I'm sure interested in is that student council president. I shore thought it wuz hard to decide which would make the best in that office, Scoop or Ernest, but I'm shore, since the majority decided on Ernest that he'll at least try and work hard. Well, Ernest, them kids is expectin' a lot of you, so don't disappoint 'em.

I hear Myria (that's our old cook) callin' me to beans and taters. So—  
So long,  
Cactus Cal.

## Miss Irene Angel Directs Speech Arts Department

With Miss Angel as director, the speech department has begun a very interesting year.

Although Miss Angel is new in Canyon High School, her work at present indicates that her first year in the public schools will be very successful.

Those who are taking private lessons are: Dora Mae Plaster, Mary May Harrison, Rosa Cash, Athalee Overton, and Anna May Sharp.

There is also special work in Public Speaking in the grade school this year. Miss Angel has begun group work for the grade school students. She has two classes that meet three times a week. General public speaking and the developing of the individual to express himself, is the work that is being studied.

Miss Angel says, "Public speaking is necessary to every individual in order that he may express himself in a more effective manner."

Miss Jewell Foster visited in her home in Dumas the past week end.

## EAGLES SCORE VICTORY OVER PANHANDLE PANTHERS 13-0 IN SATURDAY'S GAME

### Quitaque-Canyon Football Game Is Called Off

The Canyon vs. Quitaque football game has been canceled because the Quitaque High School has closed for cotton picking.

It is probable that the Eagles will clash with the Price Memorial College eleven of Amarillo.

### Laura Fern Brian Elected President Home Ec. Club

The Home Economics Club met Tuesday afternoon at 3:00 o'clock in the Home Economics room, and elected officers for the present year. They were: Laura Fern Brian, president; Rosa Cash, vice-president; Mary Ella Lowe, secretary; Ruby Foster, treasurer; and Dora Mae Plaster, reporter.

Plans were made for a picnic Monday night with the Training School Home Economics Club as guests.

The Home Economics Club, under the supervision of Miss Fannie Sue Brasuel, and the leadership of their new officers, expects to do many interesting and beneficial things this year.

### Thompson, Campbell Olson, Bellah and Cluck Elected

With the help of the officials that the various Home Rooms of the Grade School have recently elected for the present school term, each class intends to produce greatly improved home room programs and promote more orderly deportment about the school and grounds.

The new officers for the different departments are as follows:

7-A: Sponsor, Mrs. John Davis, president, Sarah Thompson; vice-president, Lillian Chambers; secretary, Mary Charlotte Word.

7-B: Sponsor, Mrs. George Terry; president, Henry Campbell; vice president, Johnnie McBroom; secretary, Gladys Hutton.

6-A and 6-B: Sponsor, Mr. Cleveland Jones; president, Rena Beth Bellah; vice president, Betty Joe Black; secretary, Hazel Sanders.

5-A: Sponsor, Mrs. Isabel Cousins; president, Donald Olson; vice president, Kettee Johnson; secretary, Bob Zeigler.

5-B: Sponsor, Mr. Milton Sanders; president, Pauline Cluck; vice president, Sunshine Hardin; secretary, Billy Joe Hunter.

Other officials were elected to fill the offices of fire monitors, sergeant-at-arms, and the various committees.

### Fox Has Charge Of Program In Teachers' Club

In the regular study club, the faculty of the Canyon Public Schools met Tuesday evening at 7:30, with Mr. Aubrey Fox in charge of the program.

Articles from leading educational magazines for the months of July, August and September of the current year were reviewed by Mr. Fox, Miss Thelma Thorp, and Mr. George Terry.

Miss Erin Gamble, Mrs. Isabel Cousins, Miss Mattie Jordan, and Miss Lois Goodrich served watermelon to the faculty.

### Twenty-one Girls Report For Ball Practice

Twenty-one girls reported for basketball practice Monday afternoon at 3:00 o'clock in the Grade School gymnasium. Girls from all classes except the Freshman class were out Monday, but the Freshman girls are expected to show up in numbers as well as in practice, the rest of the season. Last year's team, with the exception of one who graduated, is in full swing again this year. Here's hoping the Eagle girls go to district this year.

Mary May Harrison, Irene Thompson, Edith Steen and Laura Fern Brian spent Friday night with Rosa Cash.

Geneva Broom from Amarillo visited Sarah Bonnie Bourn Saturday and Sunday.

The Canyon Eagles won their second victory of the season by defeating the Panhandle Panthers 13 to 0 in a fast game at the Buffalo Stadium Saturday night.

The main features of the game were the wide end runs made by Sewell Cox, shifty Eagle half-back, and the off-tackle runs by T. V. Slack, powerful Eagle fullback.

The Eagles scored for the first time late in the second quarter when Sewell Cox ran 17 yards around the end for a touchdown. The Eagles failed to kick the goal.

The second score came early in the fourth quarter when Cox caught a long pass and ran 45 yards for a touchdown, and Slack succeeded in kicking the goal for the extra point.

The Eagles were not successful in an attempt to plunge through the center of the Panhandle line. Chris Wooten, fighting Eagle center, and Alton Brasuel, Eagle guard, were the principal figures of the Eagle defense. Willard Childers, bulky Eagle tackle, also played a good defensive and offensive game. The blocking of Ellison and Ellison, Eagle ends, was largely responsible for the success of the long runs of Slack and Cox.

Summary of the game:

Scoring: Touchdowns: S. Cox 2; extra points: Slack 1.

First downs: Canyon 12; Panhandle 5.

Passes: Canyon threw 9, completed 3 for 68 yards; Panhandle threw 9 completed 4 for 27 yards.

Yards gained from scrimmage: Canyon 400 yards; Panhandle 70 yards. Yards lost: Canyon 17; Panhandle 5.

Punts: Canyon 6 for average of 36 yards; Panhandle 9 for average of 34 yards.

Penalties: Canyon 8 for total of 60 yards; Panhandle 3 for total of 15 yards.

### Campaign Speeches Are Presented At Assembly

A most interesting assembly program was that of Thursday afternoon, Sept. 28, when six students gave campaign speeches to influence the voting of the high school student body for the president of the Student Council.

Both Liberal and Conservative parties were well represented as to campaign manager, candidate, and campaign speaker. Robert Orton, manager for Ernest Duncan, Conservative choice, set forth in a short introductory talk the need of the country today for a Conservative leader. He stressed especially the desirability of conservative methods in the spending of the school funds. Ernest Duncan then gave a brief discussion of the conservative platform. Armor Lee Greenfield, conservative speaker, discussed what the conservative party as a whole stands for and showed Ernest Duncan's ability to fill the position of president of the council. She summarized with the statement that the party has a good, well-rounded platform and the best qualified candidate. "Ernest has speaking ability and mental talent, together with an interest in all school affairs; advantages which will qualify him for this position."

Jack Oldham, Liberal manager, gave briefly plans of his party and introduced his candidate, Francis Ellison. Francis gave a brief discussion of the platform upon which his party is built. Capable Mary Ella Lowe set forth Francis' qualifications for the presidency. She stressed the importance of the position of responsibility which the elected man will occupy. "It will take a leader, and a man with business ability and experience to fill this place well. For this reason, we, the Liberals, are supporting Francis."

All speeches and speakers were greeted with the interest and enthusiasm of the students. Everyone was eager for the polls to open and eager for his candidate to win.

After several yells for the Eagles, the assembly was adjourned with the singing of the school song.

### Football Schedule

Ernest Duncan, the new Student Council president, left Friday for Chicago to attend the Century of Progress. He is expected to return in about two weeks.

## Freshman-Parent Banquet To Be Held Tonight

The Freshman class will have its Student and Parent banquet, Thursday night, Oct. 5. The banquet will be held at eight o'clock in the High School gymnasium. The parents and students will meet in the halls until they are taken to the gymnasium. A short program will follow.

## Home Ec. Girls Serve Practice Buffet Luncheon

In order to become accustomed to different forms of table service, the third year Home Economics girls served a semi-formal buffet luncheon Tuesday afternoon in their dining hall.

Leona Hardeman, hostess, was ably assisted by Dora Mae Plaster, who served the meat loaf, and Mary Ella Lowe, who served coffee. The luncheon of meat loaf, creamed potatoes, peas in timpl cases, tomato and cheese salad, hot rolls, coffee, and gingerbread with whipped cream was served to Bobbie Jo Cheyne, Helen Hardeman, Myrta Wright, Geneva Whitman, Mary Lee West, Irene Mullins, Christine Shackelford, Mary Strain, Patricia Wederbrook, Miss Fannie Sue Brasuel and the hostess.

The girls enjoyed this experience very much and feel that they are becoming better equipped to meet the questions which are constantly arising today in the social world.

## Ernest and Scoop's Talents Reviewed Every Morning

"Members of this class . . . rings out the voice of a student from eight-thirty to nine telling the qualities of Francis Ellison and Ernest Duncan.

This has not been unusual for the last week because Mr. Ellison, candidate for the Liberal party, is running against Mr. Duncan, candidate for the Conservative party, for the presidency of the Student Council.

The class members groan and try to study for an English test while a Conservative or Liberal probes into the depths of these boys' talents.

## Pep Squad Gave Stunt at Game Saturday Night

Despite the high wind that blew all during the game Saturday night the Canyon High School pep squad left its place in the grand stand and gallantly marched out on the Buffalo field to cheer the players during the intermission between halves. The girls in their purple and white suits marched through the south goal line, out into the center of the field in time with the public school band. The girls had white letters pinned on the front of their suits, spelling out the words, Canyon — Plunge — Fight — Score — Kick — Win!

## Citizenship Grade Will Be on New Report Cards

New report cards are being issued this year to the High School student body, that include citizenship grades. This grade is based upon the students' conduct in halls, in classes and around the school in general. Such things as chewing gum, eating candy, and loafing in halls will be included. In addition is each student's general attitude, interest and co-operation in school, in classes, and all school activities.

Each teacher will submit a grade and these will be averaged in the office.

## Students Given Half Holiday To Attend Fair

As Wednesday was Canyon day at the Tri-State Fair in Amarillo, many students from the schools attended the fair Wednesday morning.

There appeared to be a few students who would be unable to attend the fair Wednesday afternoon; therefore school was turned out in order that Canyon would be well represented, and the students would have an opportunity to visit the fair without being absent from their school work.

## Duncan Elected President of Student Body

Well folks, the election is over and results from all polls are in. The school was all in an uproar Friday at noon as the students crowded to the polls to cast their votes to put the right man in office.

The results were: Ernest Duncan 90 votes and Francis "Scoop" Ellison 83. One would call it a close race, as "Scoop" was only "seven yards" behind.

Although Ernest is a new student in school, he has excellent qualification and a strong determination to make a good president; and since he is the selection that the majority of the school wanted, the school is going to back him 100% and help him put over his conservative ideas.

## Former Teachers Of High School Widely Scattered

In looking over the records of Canyon High School, one finds that several of the ex-teachers of the last two years are now teaching or living in quite widely separated localities.

Mr. and Mrs. W. E. Brady, who previously taught athletics and home economics, respectively, here for the two years 1930-31 and 1931-32, are now residing in Sayre, Okla., where Mr. Brady is still coaching and Mrs. Brady is doing extra teaching.

Another faculty member who taught in Canyon School in the year of 1931-32 was Miss Elizabeth Weter, former teacher of Public Speaking. She is still teaching Dramatics with the addition of English in the high school of East Moline, Illinois.

L. T. Barksdale, coach of Canyon Eagles last year, is now coaching football in Littlefield.

Mrs. Cleatrice Crump, instructor of Dramatic Arts in Canyon High School last year, is now living at Pampa, where Mr. Crump has accepted a position with the Phillips Oil Company.

## Platform Of Liberals and Conservatives

The following platforms were made by the campaign managers and a committee which they selected:

The Liberals' platform was:

1. We, the Liberals, advocate more interesting assembly programs.

2. We urge hearty co-operation between student and teachers.

3. We advocate a spirit of good will and cheer among the student body.

4. The students in C. H. S. will be looked after with the greatest care.

5. We, the Liberals, are in favor of class entertainments, such as parties, picnics, etc.

6. We are backers of the football team, pep squads, and all other school enterprises.

7. The Liberal candidate, if elected, will not, in any case, be partial to the members of his party, and will work equally, diligently for every student.

The candidate for the Liberals was "Scoop" Ellison.

The platform for the Conservatives was:

1. Sound administration of school finances.

2. Well-rounded programs of clubs.

3. Well organized programs in assembly; educational and interesting.

4. Encouragement of students to take advantage of school activities offered.

The candidate for the Conservative party was Ernest Duncan.

## Trophy Cups Have Been Returned From Engravers

Have you noticed how nice and well filled the trophy case looks now?

This is due to the fact that the trophy cups have returned from the company where they were engraved.

The school owes these cups to the outstanding students who were successful in debates, football, basketball, track, extemporaneous speaking, intramural sports, and outstanding loyalty to the school.

The Balfour Honor Plaque on which is engraved each year the name of the outstanding senior, has been returned, bearing the name of Kathryn Robinson, as last year's outstanding student.

## Did You Know

That the Press Club will meet every Monday at three o'clock in Miss Goodrich's English room.

That Tuesday, Oct. 10, the Home Economics club will assemble in the Home Economics laboratory?

That in room 17 on each Wednesday afternoon, the Girl Scouts will convene?

That every afternoon girls who are interested in basketball, come out for practice in the grade school gym?

That the Eagle eleven will combat with the Price Memorial College?

## Girl Scout Troop For Grade School To Be Organized

On Thursday, October 5, at 4:15 p. m., the girls of the Canyon Grade School, who so desire, will organize into a Grade School Scout Troop. The meeting will be held at the Scout Lodge under the direction of Osce McCrerey, lieutenant, and Lois Goodrich, captain.

A division of the regular Girl Scout Troop has been found necessary owing to the fact that the Thistle Troop has grown so large that efficient work cannot be accomplished with both the High School and Grade School girls combined.

The new troop will include every girl in Grade School older than ten years who can pass the requirements and who desire to be a Girl Scout. It will meet every Thursday afternoon at 4:15 in the Scout Lodge.

## Standardized Tests Are Completed In Grade School

At the end of the fourth week of school practically every student in Canyon Grade School from the third to the seventh grades had completed the "New Stanford Achievement Tests" which Mrs. Strain and the various teachers of the Grade School have given. There are, of course, a few exceptions who have enrolled here very recently and missed part or all of the tests. Everybody in the elementary grades is required to take the tests.

The purpose of these examinations is to make a survey of all the pupils of the school in order that their work may be compared with the average work of the other schools over the United States.

The results show that the work of Canyon Grade School compares on the whole very favorably with the work of other good schools.

## Do Not Try It Because It Cannot Be Done

Don't try it 'cause it can't be done! Don't try to chew gum in Miss Clark's room. It can't be done. Don't try to wear a tam in the Home Ec. room; it's hard to do. Don't try to go to Amarillo without an excuse! Don't try it, 'cause it can't be done! Don't try to go in a football game without paying, or don't try to eat candy in Miss Goodrich's class. Don't try to smother a giggle in Miss Murrell's room, when you are tickled. Don't try yawning in Miss Foster's room, or throw paper wads in Miss Jordan's class. I've tried all of these, and I know! Don't try it, 'cause it can't be done!

## Home Economics Girls Enjoy Picnic Monday

Six-thirty o'clock Monday evening found the Home Economics girls, under the supervision of Miss Fannie Sue Brasuel, gathered at the college, to be accompanied by the W. T. High School Home Economics club on a picnic.

After hiking to the park, the girls enjoyed a picnic lunch of weiners, buns, marshmallows, pickles and fruit.

## DO YOU KNOW YOURSELF?

Do you know yourself? There is a very interesting person that lurks around corners and in the halls watching you. That person is yourself.

Have you said something that sounded queer? Then a few minutes later have you realized how it sounded, and have you seen what an utter stranger you are to yourself.

"If I had been John or Susie, I wouldn't have done that," is such a common phrase. How many people know themselves well enough to know what they would have done in the same situation which forced John or Susie.

Many don't realize what an interesting self this so called "youself" is. These people do not study themselves to find how hateful, jealous, selfish, or affectionate, considerate, and amiable they are. They can't sit down and say, "I look just like my mother, and I have a disposition like hers; therefore, my self is like her."

They may be vitally different. Perhaps they are a little more truthful or a little more likely to evade a question, but they possess definite character traits which they are constantly cultivating, whether consciously or unconsciously. They themselves are responsible for the traits they let grow, and the traits they weed out.

How many people know themselves?

## Home Economic Girls Can Many Vegetables

The girls of the second year in Home Economics have been canning vegetables the past week during their class period and between 3:00 and 4:00 o'clock in the afternoon. Mr. B. B. Cluck brought a bushel of beans to can for him. For their work they received one-half of the amount canned. They hope that more people will ask them to can foods in order that they will be able to send three representatives from Canyon High School to Austin next spring. The food, which the girls receive, is used at the various banquets that these girls will serve during the year.

The rest of the food served at the banquets is bought by the girls from the money received from the plates sold. All food which the girls are able to earn by canning on the halves is clear profit. Anyone who wishes these girls to can for them on the halves it will be appreciated greatly.

## C. H. S. Library Gets Eleven New Books

From all appearances, the library of C. H. S. is going to be more fortunate and progressive than it was last year. The library has already received eleven new books. These books include five copies of History of Texas by Eugene C. Barker. A Vaquero of the Brush Country, Southwestern Lore and On the Open Range, all by J. Frank Dobie, Life of Billy Dixon, by Dixon, The Mexican Side of the Texas Revolution, 1836, by San'a Anna and A Texas Ranger by N. A. Jennings and J. Frank Dobie.

Miss Mattie Jordan visited in her home in Tulla over the week-end.

## News in Canyon 25 Years Ago

(Taken from the files of the  
Randall County News of  
September 25, 1908)

Cornerstone for new courthouse is laid under the auspices of the Canyon City Masonic Lodge. The morning was devoted to a band concert on the site of the court house, the Canyon City Cornet band furnishing the music for the entire occasion. At twelve o'clock dinner was spread from heavy laden baskets on a long table which was erected in the shade on the south side of the court house. Meat, bread, coffee and pickles were furnished by the Canyon City Lodge. At 1:30 o'clock, under the direction of Judge J. N. Browning, the Canyon City Lodge, No. 730, A. F. & A. M. laid the cornerstone with the beautiful and impressive ceremonies of the Masons. It was stated that the building is to cost about \$53,000.00 and there is not a public building of the size in the South or Southwest which will surpass it in beauty or utility.

W. W. Keith of Fort Worth, who recently purchased the First National Bank building on the south-east corner of the square for the price of \$8,000, will rent it to the First National Bank for \$75.00 per month.

Mr. and Mrs. Sterling Coffee, accompanied by Miss Mattie Thompson, attended the dedication of the Methodist church at Amarillo last Sunday.

Column after column of this paper is devoted to a discussion of the advantages of a new railroad and of the propositions being offered the railroad company to get them to build through Canyon.

The First Baptist Church invites all persons to attend the services of the week. Rev. J. M. Harder, pastor. Sunday School at 9:45 a. m., J. C. Hunt, supt., Miss Columbia Redfearn, secretary. Ladies' Aid Society, Tuesday afternoon at the church at 3 p. m., Mrs. R. A. Terrill, president, Mrs. J. A. Harrison, secretary.

C. R. McAfee of the Garrison-Harrison Company of Canyon City, Texas is showing quite an interesting display of Texas Panhandle products at the county fair of Belleville, Illinois this week. The display includes the finest of grains, alfalfa, kaffir corn, milo maize, fruits and vegetables, and gives great credit to the Panhandle country.

## IN THE WORLD OF SPORTS

CRONIN'S CAPITAL CREW, SAYS MARTIN, HAVE THAT LITTLE SOMETHING WHICH WILL MEAN VICTORY IN COMING WORLD SERIES

BY PHILIP MARTIN

ON Oct. 3, the New York Giants and the Washington Senators stage baseball's annual circus—the world series—starting at the Polo Grounds. Out of that series of seven games Joe Cronin's crew from Washington will emerge victors—according to ye scribe.

New York will win three games as this crystal-gazer sees the future—a win each by Hubbell, Fitzsimmons and Parmelee. The other four games will go to Washington's Crowder, Whitehill, Stewart and Russell.

Doping out a series always lets a writer in for a lot of arguments. And we'll admit there is room for plenty of verbal combat in this year's series—for the two teams are as evenly matched as any pair that ever battled for the flag.

BOTH are managed by boy wonders. Bill Terry and Joe Cronin deserve a lot of credit for bringing their lads to the top of their respective loops, and there's no getting around it that their teams represent the flower of baseball at present.

Terry's outfield is a murdering crew, with O'Doul and Ott out there slugging away. But Cronin's outfield is just as murderous, with Goslin, Schulte and Manush swinging hefty bats.

The infielders are pretty well matched, though the Senators have an edge due to the untimely operation Johnny Vergez went through recently which deprived the Giants of a valuable regular.

The catching and pitching corps are also well matched, with the Giants having a small margin in individual performance of pitchers.

What, then, is there to base a Washington series victory on?

The answer is the way the Giants have had to bear down to clinch the pennant in their league.

For the past month they have been engaging in crucial series with Boston, Pittsburgh, Chicago and St. Louis, being forced to play the most strenuous ball of the season to keep their lead. That ball took something out of Terry's Terriers they are going to miss in the series—reserve.

Cronin's boys have been coasting, although playing bang-up

the wind changed to the north. By Sunday morning people generally had much rather have stayed in their own warm beds than to get out.

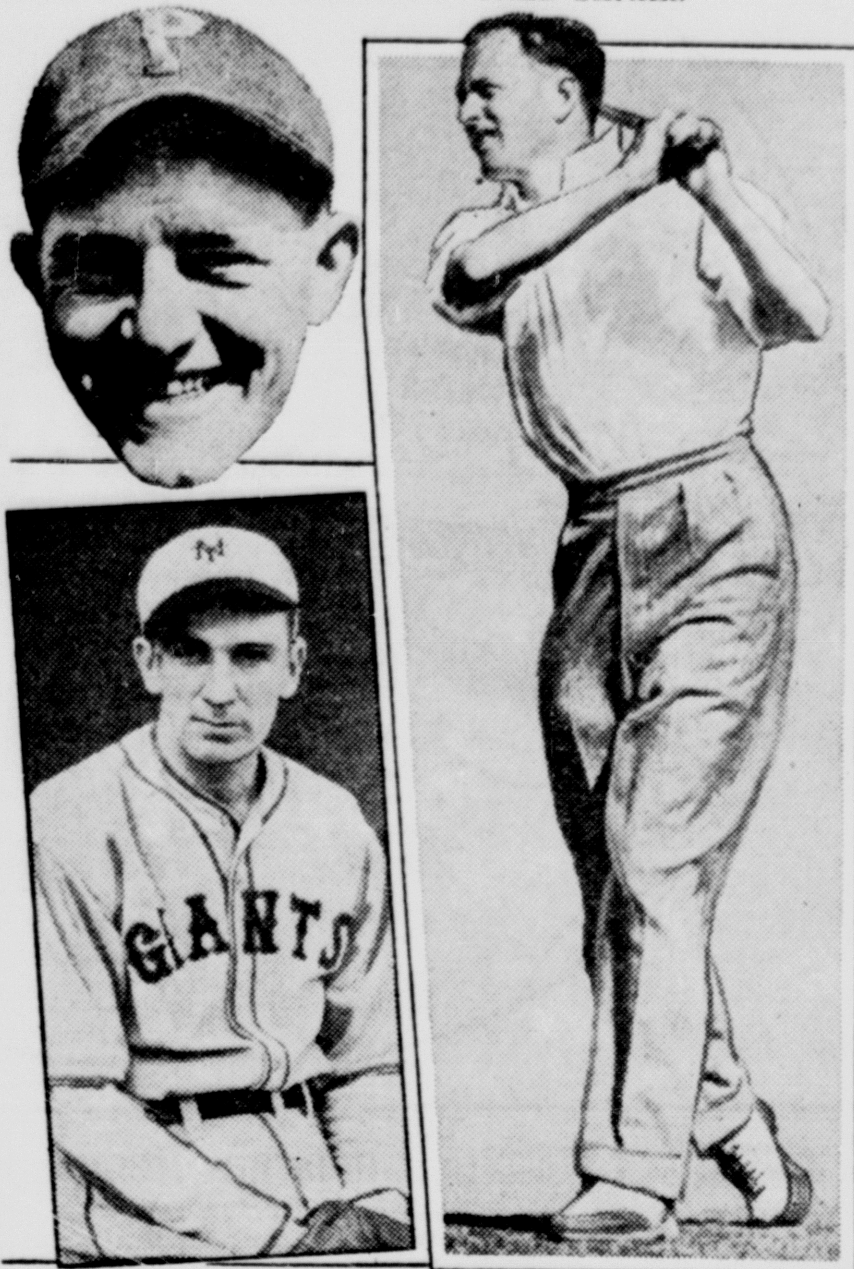

H. E. Muldrow is busy this week putting in a new barber shop on the west side of the square in the Smith Building. He intends making it strictly up to date in every particular including baths.

A compliment always passes for more than its face value.

Two lads who'll have their fling in the World Series are Alvin Crowder, above left, and Carl Hubbell, bottom left, star hurlers, respectively, for the Senators and the Giants. George T. Dunlap is shown, above right, just after making one of the drives that brought him the National Amateur Golf Championship cup.

ball, the last part of the season. They'll have plenty of stuff left for the pinches when they come up against the Giants.

GEORGE DUNLAP'S victory in the National Amateur again clearly demonstrates that old saying, "Youth will be served." George was only one of the great number of youngsters entered in the golf classic this year. They ranged from 17 to 24, and

in all but one match left the oldsters riding in the rumble seat.

George's victory in the final round with the veteran, Max Marston, was only a little more spectacular than the showing of one other amateur youngster. He was Jack Munger, an 18-year-old kid from Dallas, Texas, who won through to the semi-finals, only to be eliminated by Marston.

We'll hear more of Munger soon.

## Supt. Chamness Checks Schools In District One

Deputy State Superintendent E. E. Chamness, whose office is in the Administration building of the College, has been busily engaged since his arrival a few weeks ago, in checking up the conditions of finance and affiliation in the rural and high schools in the Panhandle district.

Supt. Chamness came to Canyon the first of September and began his work here in accordance with a new educational program instituted by L. A. Woods, State Superintendent of Texas Schools. Mr. Woods has put in motion a "new deal" for education. The Deputy State Superintendents are an integral part of this new plan, the main feature of which is an attempt to economize on the costs to the Department of Education, and at the same time to increase the efficiency of the system.

The state is divided into twenty-two districts, and a deputy superintendent whose duties are the administration and supervision of rural and high schools, is placed in charge of each district.

Supt. Chamness is in charge of District One, an unusually large district comprising twenty-two Panhandle counties including Randall. He is called upon by any or all of the rural or high schools in his district for assistance in receiving State aid, affiliation, or standardization of work.

The system of using these deputies is decidedly more economical than was the old practice of sending men from Austin to investigate the individual needs of each school, says Mr. Chamness, as there is not so much travel involved, all of which was a dead expense to the state. Each deputy has his own district to supervise and as he is stationed there, traveling costs are, in a great measure, reduced.

If it's true that opportunity never knocks but once, then there are a lot of folks whose name is not Opportunity.

Hard times are a period when there's little market for anything except the things people don't need.

ago that work at the Palisades would be closed on October 1st, but orders were changed, and the men re-enlisted for the coming six months period. Replacements will be enlisted to take the place of those who decided not to remain for the winter. All of these men are from 18 to 25 years of age, and most of them unmarried.

The report that the camps would be closed came from Lawrence Westbrook during the investigation of his administration of the state relief fund. He is reported to have told Senator Clint Small that the army had decided to abandon the Palo Duro project during the winter. His statement has been completely denied by army officers.

ed up there on. We stored all our supplies upstairs. We had dirt floor down stairs. That was good enough for anybody. I made board shutters for the doors and windows, and I think the hinges were cut from a buffalo hide."

Leaning back and twisting his shirt sleeve with a characteristic movement, Mr. Dyer continued.

"We built that house several years after I came down here with Mr. Goodnight. I was just a kid when we started out from Pueblo, Colo., in the fall of '75 intending to bring our herds through to the Palo Duro that winter, but I remember it just like it was yesterday. The first snow hit us near Fort Bascomb, about where Logan, N. M., now stands. There was good grass, fuel and water there so we built some kind of cabin and wintered."

## "Roaring" Good Times

"We had about 1,450 cattle in the herd branded A. T. These were owned by Goodnight, Leigh Dyer, A. L. Johnson and Ed Hughes. Then there were 126 head branded D. Y. These DY cattle belonged to my sister, Mrs. Goodnight, and to me."

Other men in the trail herd outfit, according to Mr. Dyer were Martine, a Mexican who piloted the herd; Ben Mosley, cook; Dave McCormick, and another brother Sam Dyer.

Chuckling to himself, Mr. Dyer concluded, "I guess you could say that old house and I have had a 'roaring good time.' We have heard the roar of the buffalo herds, of stampeding cattle, then the trains, the airplanes roar over, and since that Canyon highway is paved, right at what used to be our back door, there is a roar there all the time. Well—I built the old house good, and I know it will be there for a long time yet."
